PHOTO INTELLIGENCE MEMORANDUM

MATSU SITUATION STUDY

(Supplement #1 to GP/I-76, dtd April 1, 1955)

This memorandum is a supplement to CP/I-76, dated 1 April 1955, which was submitted in reply to a request by OCI for information on military installations in the Matsu area as determined by a study of the latest available photography.

For convenience in reporting the existing situation and the periodic changes, the Mateu area is arbitrarily divided into two sections, ~~the~~ Poochow and the Fehling Peninsula. The dividing line is 26°18' N. lat.

Photographic coverage received since the last report has been spotty, but still has provided coverage for portions of the Foochow area previously not covered, especially the urban section north of the Min "hiang (River). Also, coverage was obtained of the northern portion of the Pehling Peninsula. Since this is the first coverage of some areas, many new positions are being reported. This should not be interpreted to
